I would like to request the following documents from the Howard County State's Attorney:

All documents, e-mails, phone logs, and electronic files created by ASA Scott Hammond generated between November 11th, 2021 to present.

At a hearing yesterday, in between Mr. Hammond yelling at a Judge and throwing a tantrum, he offered to allow me to review "everything" related to his work. I'm happy to accept and oblige his request.
